# Clearing Canada-bound shipments

## We've got you covered

### Air Compliance · ACI Air eManifest

#### 1 Accelerated high volume processing

Easily bulk upload 20,000 shipments in seconds, saving up to 70% of the time required for uploading and filing.

#### 2 User-friendly platform

Our easy-to-use platform streamlines data entry. Create and submit your Advanced Commercial Information (ACI) Air eManifest in under 2 minutes.

#### 3 Industry leading eManifest platform

We're pioneers in Canadian eManifest solutions. We simplify the Canada Border Services Agency (CBSA) compliance for you.

#### Who needs this service?

- Air carriers
- Freight forwarders
- Shipping agents

#### Are there any additional documents required for cargo in-transit through Canada?

- Supplementary Reports (S10)

#### When must cargo and conveyance data be submitted?

- At least 4 hours prior to arrival in Canada.
- Or at a time of departure if the flight duration is less than 4 hours.

# Clearing Canada-bound shipments

## We've got you covered

**Warehouse Arrival Reporting**

**Release Notification System + Warehouse Arrival Certification Message (RNS WACM)**

### 1 Save time and increase efficiency

Effortlessly track Canadian-bound shipments, ensure timely delivery notifications and choose from multiple shipment update connectivity options.

### 2 Easy-to-use application

Our intuitive RNS WACM platform seamlessly integrates essential features for automated data entry, simultaneous transmission of multiple WACM messages and provides a comprehensive overview of all shipments.

#### Who needs this service?

- CBSA-licensed sufferance warehouses

#### When must the data be submitted?

- Upon inland cargo arrival, CBSA-licensed sufferance warehouses must notify CBSA of their commercial shipments' arrival.
- Subsequent RNS messages provide shipment status updates, including release confirmation or examination notifications.

#### What data needs to be submitted?

- Warehouse Arrival Certification Messages

## Simplify the way you file

### Select a solution that works for you

Streamline the process of submitting your customs declarations by utilizing our web portal. Alternatively, seamlessly integrate our platform with your in-house systems, white label or opt for our dedicated filing service for outsourced efficiency.
